

# RECEIVE, DELIVER AND PLACE SERVICES

We help companies with workspace transition and expansion - whether it's receiving or delivering a new workstation or an entirely new office system.

Your single best resource for proven efficiency and experienced support:

- ❑ Web-based Asset Management System, SnapTracker
- ❑ Receive, Deliver and Place Furniture
- ❑ Staging, Sequencing and Delivery to site
- ❑ Warehousing of Customer Owned Goods

## EXPECT PROFESSIONAL RESULTS DONE RIGHT THE FIRST TIME

However large or small your project needs, count on Architectural Installations Atlanta (AIA) for prompt and professional service. Our teams can quickly stage, sequence and deliver a wide range of office furniture directly to your facility.

## STREAMLINE PROCESSES

Whether it's at multiple locations or one office, your AIA representative serves as your single, coordinated resource for all your service needs. For added convenience you can use our web-based ServiceTRAX work order and management system.

## EXPECT EXPERIENCE

Leading office furniture manufacturers rely on us for local service and support across the country. Our highly trained teams are familiar with virtually every brand of office furniture. From staging and sequencing through final delivery and placement, you have one source of contact and accountability - and only one call to make for Receive, Deliver and Placement Services.
